## ENTREQ Minimus Silver Earthing box - 1post

ET 02 EB MIN SL

**NZ\$935.00** ea (incl. GST)

The Silver Minimus, like its sibling the Minimus, has only 1 outlet. However it incorporates the same enhancements and mineral mix as the Silver Tellus. Thus offering a significantly more effective grounding than the standard Minimus. Even a brief exposure to the Silver Minimus will quickly validate its benefit. Whether use it solely for our Ertha grounding or with our unique signal cables.

Weight 2Kg W 17cm - H 8cm - D 19cm

Note : *As with the Silver Tellus the choice of "Ertha" cable used with the Silver Minimus is critical to obtaining its full potential.*
